HR Department
Recruitment Office
Infarm

Dear Sir/Madam

I would like to be considered for the position of Backend Developer at Infarm. I believe I have the desired skills and could be a valuable asset to the company, as you can see on my CV attached.

I have a degree in Computer Sciences and an unfinished Masters in Advanced Networks, and have been using Python for the past 8 years, both academically and professionally, besides 5 years of experience building API's for large scale web services.

Thank you for your time and consideration.

I look forward to your response.

Sincerely yours,

Fernando Cezar
